## Local Businessman Concerned Over Adverse Publicity

John Kladas, owner of A&D Pizza, wants to assure residents that they can patronize his establishment without concern.

On Wednesday, July 8, the Worcester Telegram reported that a Millbury youth was stabbed in the upper left chest during a fight that occurred in the parking lot of A & D Pizza on Elm Street. The report is the cause of great concern to John Kladas, owner of A & D, because the report was inaccurate.

According to Kladas, and verified by Millbury Police Chief, George Brady, the incident occurred on Elm Street well beyond A & D. The youth who was injured was trying to make his way into A & D to use the phone when he collapsed outside of the restaurant.

John Kladas wants the people of Millbury to know that his restaurant is not the site of such activity, and he is afraid that this negative publicity might discourage residents from patronizing his establishment because of fear. "I want people to know that I've never had any serious trouble and that I'm very careful to make sure that none occurs."

Several years ago, Kladas rented part of his restaurant which became known as the Brother's Place. These tenants did have some trouble and Kladas quickly evicted them. He then re-opened the restaurant section going to great lengths to completely change the image. He was successful in providing a wholesome atmosphere which catered to a family clientele. "I offered specials at reasonable prices to make it possible for the whole family to dine out together and then this happens," he said.

Kladas does not want his customers to associate what happened to either him or A & D Pizza, and wants to assure the residents that he will continue providing the same wholesome atmosphere that he has worked so hard to create.

Chief George Brady stated that John has done an excellent job with his restaurant and that the incident was totally unrelated to A & D.

## Technicians Install Air Sampling Collectors

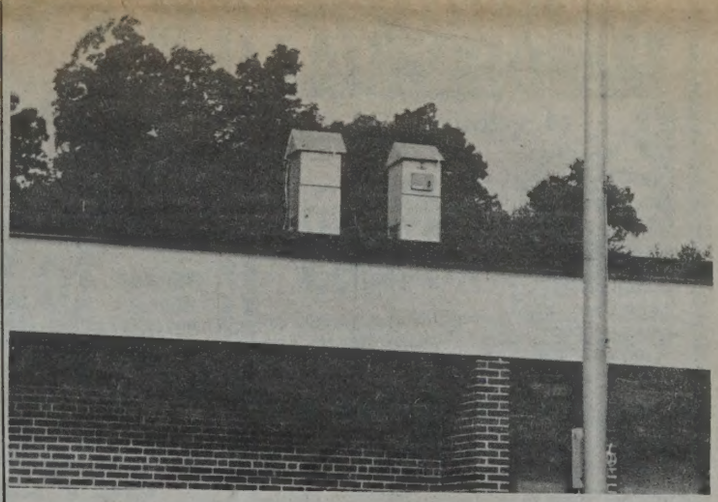
On Thursday, July 9, technicians from ERT installed air sampling collectors on the roof of the Raymond E. Shaw Middle School. This action began the baseline assessment process which will provide measurements to establish the existing concentration of trace metals and organic products of incomplete combustion, specifically, dioxins and furans.

Scott Whittemore, project manager for ERT, explained the criteria used in selecting two sites, one located in the high impact area and one located in the low impact area. These areas have been determined from the atmospheric dispersion modeling of SES's expected emissions. The two areas selected are (1) off Riverlin Street and as close to the Grafton line as possible, which is an area not in the high impact zone but adjacent to it and (2) in an area near the Raymond E. Shaw Middle School which is in the low impact area.

These sites conform to the criteria necessary for the most desirable sampling, namely locations open to direct atmospheric deposition, areas which contain soils which have not been tilled or fertilized, and areas having limited access and not likely to be disturbed in the near future. The reasons for these and other criteria will become clearer with the explanation of the testing methods and substances to be tested.

Consequently, soil samples will be taken at 3 to 6 inch depths because these samples will contain the highest concentration of deposits yet limit dilution that might occur with deeper collected samples.

The samples will be collected by a geologists wearing TIVEX suits which are light and water resistant. In addition, they will wear "breathers" to protect the samples from possible contamination by the collectors. To collect soil samples, a small trench will be dug to determine the depth of the sample to be taken. The core sample will be removed with a stainless steel soil core sampler that has retaining cylinders. Any loose vegetative debris from the top and excess soil from the bottom of the collected sample will be removed and placed into an amber glass jar. The collection equipment will be decontaminated to prevent cross-contamination between samples, and another sample will be taken.



Two air collecting devices sit atop the Raymond E. Shaw Middle School gathering air samples to be used in the Baseline Assessment Study.

ERT will test soil, vegetation, air, and milk. Whittemore explained that many of the substances for which they will be testing attach themselves to the particulates in the atmosphere and are deposited on the soil and vegetation. Consequently, they will be looking at the surface soil. "This is a tough issue," he said. "Our literature reviews revealed very little how dioxins reveal themselves. In doing this study, we are on the cutting edge." He stated that dioxins and trace metals have been shown reluctant to move very far once they have been deposited. There is some vertical movement of the deposits caused by percolating water, burrowing animals and shallow rooting plants, and some horizontal movement caused by wind and erosion. All of this movement is

To decontaminate the collecting tools, the personnel will remove any solid particles from the equipment by brushing and then rinsing with tap water. The equipment sampler will then be washed with soap or detergent solution and rinsed with tap water. It will then be rinsed with deionized water and again with methanol.

ERT has given great thought to the type of vegetation to be collected. Care had to be exercised because vegetation had to be taken from an area which would not have been contaminated by vehicular traffic nor affected by herbicides and/or

# Thanks, Millbury

To Millbury:

I would like to take this time to thank all my Lions and Lionesses who worked so hard to make the 4th of July celebration a great success. Also, the Millbury Police and Fire Departments, Highway, Parks, School Committee, the members of the Board of Selectmen for all their kindnesses and cooperation, the merchants, and you, the people of Millbury. We, the Lions, are proud to be able to do this celebration for our great town. Everybody cooperated to the utmost.

Again, thanks, Millbury.

We are already working for 1988's, to be a bigger and probably better celebration. After all, it's our 175th Anniversary of the Town.

Thanks to all,
Yours in Lionism
Frederick T. Vulter
President of Millbury Lions Club

# PLEASE NOTE

The office will be closed from July 17 through August 1st. We will, however, be publishing on the 23rd and 30th of July. All submissions for the 23rd and 30th must reach our office by July 11th. Please plan accordingly.

# NOTICE

Effective August 6th, The Millbury-Sutton Chronicle will be sold exclusively at Ballard/Rix Dunnington Drug Store in Millbury and at Sutton Square Pharmacy in Sutton. The July 16th, 23rd, and 30th papers will only be available through the mail.

# CALENDAR OF EVENTS

SUNDAY, JULY 19

MILLBURY. A chicken barbecue will be held at the outside pavilion of the Charles F. Minney Post, 16 South Main Street, from 1-5 p.m.

THURSDAY, JULY 23

MILLBURY...District Nursing Society Blood Pressure Clinic at Colonial Apartments, Colonial Drive, from 1:00 to 2:00 p.m.

SUNDAY, JULY 26

GRAFTON...The Annual Native American Indian Fair will be held at the Hassanamisco Reservation, 80 Brigham Hill Road, Grafton. The ceremonial show will begin at 2:00 p.m. Price of entry is $1.50 for adults and .50 for children.

TUESDAY, JULY 28

MILLBURY. The Millbury Public Library will present its fourth movie in its Family Film Fest series. This week's movie is Bless the Beasts and the Children, at 6:00 p.m.

TUESDAY, AUGUST 4

MILLBURY...District Nursing Society Blood Pressure Clinic at the Asa Waters Mansion, 123 Elm Street, from 8:30 to 11:00 a.m.

# School Committee Approves Attendance Policy

By Edward J. Cooney

The School Committee held a meeting on Wednesday, July 8, beginning at 7:30 which covered an agenda that developed into another marathon session and ended at 11:55.

The Committee will meet again on July 22 (hopefully with a shorter agenda) to begin interviews for the position of Curriculum Coordinator. The position was approved on a 3-2 vote at the June 17 meeting.

After corrections and approval of the June 17th regular and executive session minutes, Chairman Hanratty deferred Item 2 to the Superintendent, Dr. Alfred Sylvia. Sylvia reported on the Statewide Assessment results for the present Grade 11 students. A re-testing had been requested due to concerns surrounding the validity of how the tests had been administered.

Sylvia reported that the latest assessment results were an improvement over the test taken last year by the present Grade 12 students. "We went up in all three areas: reading, math, and science, as compared with communities that did a similar re-test. One fact is that the make-up of this Grade 11 class is composed of 48% of students in the College Prep Program, as compared to the Grade 12 class which was compiled of only 33% in College Prep. The staff and administration worked diligently to create a serious attitude toward taking the test." He continued, "next year the test will be given again in Grade 12. I am pleased to see improvement take place. The difference was the make-up of the present class in grade 11 and the way the test was taken. We averaged 70 points higher in each area," said Sylvia.

- Millbury High Assistant Principal, Charles Caparelli, was present with Principal Carmody and staff member, Eugene Genese, to discuss recommended changes in the attendance policy and the Saturday suspension program.

Caparelli referred to the present policy, citing instances of excessive absenteeism. He stated that doctor's excuses may be more readily acquired since, under insurance plans, a two or three dollar office visit now makes medical exams more available during the school day.

Caparelli stated, "One wonders if students are sick or not abusing this policy." He also reported that attendance had improved since the implementation of the Policy, and now stands at 94%.

Hanratty asked for Sylvia's recommendation on eliminating two paragraphs concerning medical excuses and medical or dental appointments which would be covered under the review process.

Sylvia stated that he supported the recommendation. The Committee approved on a 5-0 vote.

Caparelli then turned to the Saturday Suspension Program requesting a change in the hours of operation, and a change from the present structure of performing custodial type duties to a learning type structure. He stated that the custodial staff had expressed concerns about students performing some of their (custodian's) duties, reducing overtime hours. That issue was now resolved according to Caparelli.

Caparelli also emphasized that the program is an option for students and parents in lieu of an out of school suspension of three days. Caparelli recommended that the hours of operation be changed from 8-1 to an 8-12 time schedule.

Genese noted that he initially sought to make the rules even tougher by requiring parents to drive their child to school and remain in attendance.

School Committee Member, Mrs. Patricia Cooney, expressed concerns that it might be difficult to expect level III students to perform two hours of written assignments in the two areas mentioned in the recommendation. Genese explained that all work assignments would not be written.

Dr. Sylvia indicated his support for the following changes:

1. Classroom component to replace custodial

a. 1 hour and 50 minutes English/Reading

b. 1 hour and 50 minutes Math

2. Reduction in hours from five to four

3. Parental involvement

a. Parents will be notified of Saturday suspension after the accumulation of 9 disciplines in a school year.

b. Parents will be required to accompany students to Saturday suspension at 8:00 a.m. If a student is serving a second Saturday suspension in a school year, parents will be required to pick up students at 11:30 a.m. and check work for satisfactory completion.

4. No student may serve a Saturday suspension unless twenty school days have transpired between his/her serving a prior Saturday suspension.

5. Work not satisfactorily completed will cause a re-take of the suspension on the next scheduled suspension day.

6. Disruptive behavior during the Saturday suspension will result in a student serving a three day outside suspension.

7. Students late to Saturday suspension, after 8:30 a.m., will serve a three day outside suspension.

The Committee unanimously approved the requested changes.

- Item 5 referred to a request by Committeeman Wilczynski for a discussion of speed bumps and teacher evaluations.

Wilczynski stated that he had found out that speed bumps would be reinstalled at the high school, and asked Sylvia when the work would be completed. Sylvia replied that they would be in place before school opens in the fall.

Wilczynski then stated that, at a prior meeting, parents had made statements and charges that parents were making requests to the principals to have their youngster's teachers changed. "If these conditions are occurring, some action must be taken to improve that," he said.

He then requested that Sylvia report back to the Committee. "We should know about it. This is something that has happened this past year; it has happened over a one or two year period. It is incumbent on us that we check this out," he said.

SCHOOL from Page 3

Hanratty stated, "Many parents try to change their children to an easier teacher. Dedicated teachers make students work harder and are more demanding."

Wilczynski added, "If a teacher is ineffective, we ought to be helping that staff member."

Sylvia then explained, "If it is a health situation, I talk to the teacher as well as the Principal and the Assistant Principal. I sit down with the teacher concerning performance. Principals must document everything."

Sylvia added, "I know of a teacher who has had difficult classes but has not performed. We had a lively discussion, and I told him what would be done during the 1988 school year. I will be pleased to apprise you on any situation you are concerned with."

Mrs. Cooney stated, "Principals have three years to evaluate a teacher before they go on tenure. If, in the second year, a new teacher isn't performing, it should be noted in their evaluation, and then get rid of them. In some cases, we have been getting complaints for four or five years."

The Committee expressed a consensus, that did not require a vote, to ask the Superintendent to investigate complaints.

– Hanratty deferred Item 6 to Mrs. Cooney's request for a discussion of a system-wide marking policy.

Mrs. Cooney stated that the proposed syllabus had indicated that marks or grades should consider five points when teachers are grading students:

1. class attendance
2. participation in class
3. quizzes
4. examinations
5. homework

"The mark should be based on these given criteria in order to insure continuity throughout the system. I am hoping that the Committee will look into adopting a policy using the five criteria with the percentages of each one to be at the discretion of the individual teacher."

A discussion followed with Sylvia stating, "I am supportive of such a policy, and it sounds worthwhile. Parents will know of what a grade consists."

– At 8:40, the committee moved to Executive Session for the purpose of interviewing a candidate for the position of Business Manager. They returned at 9:06. No decision was made on an appointment.

– Hanratty then recognized John Lola, owner of the bus company that holds the contract for the general transportation of Millbury's students. Hanratty stated that the committee was interested in going over several areas of concern as expressed in the Transportation Advisory's survey, presented to the Committee at the last meeting.

Lola stated that he did not see or get a copy of the report. Stickney noted that the Advisory Committee had not voted to release it.

Hanratty then asked if Lola had licenses for all his drivers and substitutes. Lola responded that his drivers were in attendance and that Sgt. Glenn Parath had recorded and verified their licenses.

Parath stated that he had recorded the licenses of each driver, except three on vacation. "Mr. Lola assured me that they were licensed operators." Hanratty asked if the verification included all people on Lola's payroll. Lola answered "Yes".

Hanratty then indicated another area of concern: smoking on the buses by drivers and students. "Smoking has to stop. It is a violation of state statutes."

Lola replied that only three drivers smoked, and only when the bus was empty of passengers. "There has been a lot of cheap gossip. It should be backed up with proof."

Wilczynski requested that there be no name calling or accusations since charges had been made.

Lola responded, "Who brought up charges that drivers have been smoking on buses? It's a case of trying to hang me with a cigar. There is no smoking. There have been problems at the high school, but they have been taken care of. The bus drivers observe them in the mirror. You couldn't ask for a better group of drivers."

Hanratty then asked if seating could be changed from 3 students to a seat to two students per seat. Lola stated that it was not a case of overloading but that some students choose to stand. He also suggested that transportation of students to den mother's homes, and similar situations, should be eliminated. "We are not a private taxi."

Lola reiterated that the buses are not overloaded and that state law allows 65 to a bus, with three in a seat. "Some kids are standing or stretching over to some other kid's seat. Twenty-five percent of the kids can stand if there are 65 kids with three in a seat. They must be seated if there are less than 65 kids. I have been in business for 18 years. The Town of Millbury doesn't need 10 trips. It could get by with eight or nine," he said.

Hanratty also inquired about the inspection of buses. Lola replied that buses are inspected every two months. "The next inspection is September and then we go every two months after that. No sticker bus can be used."

Hanratty then asked Lola for his opinion on the Advisory Committee's recommendation to use bus monitors.

Lola indicated that he was not opposed but suggested that the monitors not have any of their own children on the bus.

After several minutes of discussion about vandalism problems, littering on the bus, and the difficulties in resolving these problems, Lola turned to his drivers and asked if they wished to make any comments.

Some drivers explained that they assign students to seats which allows them to monitor vandalism. Lola stated that if children were suspended from the bus for a week or two, and parents had to drive the children, then maybe some changes might happen.

It was suggested that Lola and the drivers work with the Advisory Committee to help resolve some of the issues.

– The Chair then brought forth Item 3, which had been delayed from the beginning of the meeting. The issue concerned a petition on the scheduling of the Iowa Test in September; the petition was signed by 40 teachers at the high school.

Mrs. Wellens, acting as spokesperson, indicated that the request was not so much a petition as an expression of concern by the teachers.

Sylvia noted that when he received the petition at 1:00 p.m. on the last day of school, it "surely didn't make my day. Every attempt is being made to improve our program....I worked through the guidance staff and principals. Testing is a guidance function....On May 20th, the people from the Iowa Test were here to explain in detail. They indicated that teachers would have a thorough explanation before the test is administered. It is a difficult and comprehensive test. The initial results will not be strong. Some teachers feel that they will be gauged on their effectiveness. This is not the case at all. It will evaluate programs to get skills and content in place."

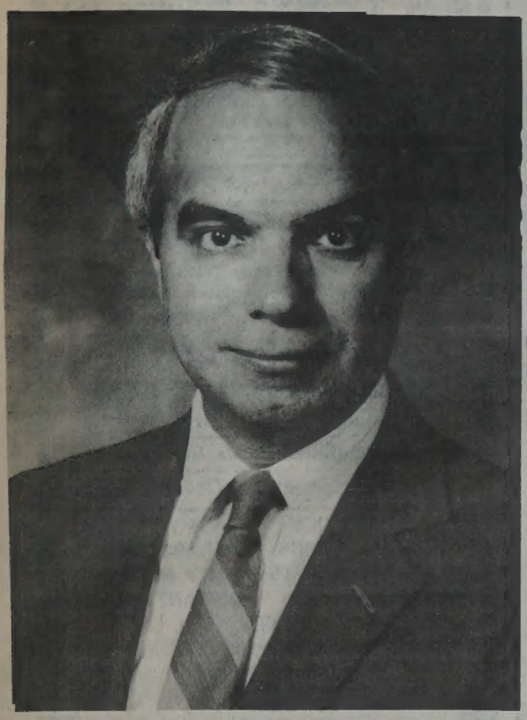
# Al Crespo Named Vice President At Westward Homes



Al Crespo has been appointed to the position of Vice President at Century 21 Westward Homes, Grafton, Robert Sennott announced today.

Al will be responsible for the operation of Westward Homes' Grafton office at 212 Worcester Street. He will also be part of the Management Team for the Westward Homes Group which includes offices in Hopkinton and Wellesley Hills, a Commercial Investment Division, and a VIP relocation department.

"Al has been instrumental in our Grafton office, providing a level of service that is second to none in our area. Al's personal pride in our area, his orientation towards people, and his impeccable standard of ethics are qualities which bode well for our market area's current and future Real Estate needs," said Sennott.

The Grafton Century 21 Westward Homes office serves the Millbury and Sutton market area as well as Grafton.

Al is married to the former Judy Krumsiek of Millbury. They now reside in Grafton with their children, Kim and Chris.

SCHOOL from Page 4

Mrs. Wellens stated that it was unfortunate that the proposal was given on the last day. She noted that the information was received by teachers on June 9th and that teachers were caught up with final exams and closing requirements. "There was no objection to testing."

The teachers' main concern, according to Mrs. Wellens, is that most teachers will not know their students very well in September, and teachers may not have covered the material to be tested. "It is a question of courses being in line with material to be tested. It is felt that it is not giving the students a fair chance," she said.

Ray Gemme, from the Guidance Department, who was the liaison person to teachers and members of the committee that reviewed the various types of tests, stated that not one teacher had expressed concerns to him. He indicated that all materials were covered with the department heads who were, in turn, to pass them on to teachers, explaining the rationale behind the test. "I am surprised at this kind of reaction," said Gemme.

Clancy then stated, "It amounts to changing curriculum as to how they are doing on a test. This is fracturing the curriculum. It could change the curriculum dramatically."

Gemme asked, "Is that good or bad?"

Clancy replied, "I don't know."

Sylvia interjected, "I don't see that really happening. Given a period of time, we can tell how we are going to use the results. There will be no dramatic changes."

The discussion ended on a positive note as Mrs. Wellens stated, "The discussion has alleviated many of our concerns."

– Item 12 generated a concerned but brief discussion of a proposal for a policy development to cover Aids and Hepatitis B.

Sylvia stated that a student who has Hepatitis B will be attending school in the fall at the elementary level.

The Committee was given a proposal developed by Mrs. Helen Sauer, the Head School Nurse, as a guideline for the development of a policy.

Sylvia stated, "We will have to develop something. Mrs. Sauer has developed one at this point. We could have a first reading of a policy in August.

Mrs. Cooney suggested that more people be included in obtaining input for a policy statement. She asked that the custodians be involved as they will be responsible for removing any materials related to body fluids. She also recommended that the committee look at state guidelines: "Teachers have to know as well."

Hanratty stated, "We need a motion to develop a policy dealing with students who have developed Hepatitis B or Aids.

Wilczynski then stated, "This has to be looked at as a community problem. Possibly the Lions Club could consider this as a sub-committee project."

– In other action, the Committee:

1. deferred discussion and action on the fire alarm system at the High School.

2. approved a request for bids for the renovation of the gym floor at the high school.

Chairman Hanratty expressed concern over where the money was to come from for both projects. He suggested that two separate warrants could be developed for the next Special Town Meeting.

It was the consensus of the committee that they move to go out to bid now for the gym floor, so it could be completed this August.

– Under "Resignations and Leaves" the Committee voted 5–0 to:

1. accept, with regret, the resignation of Rose Neri, Home Economics teacher at the Middle School.
2. accept, with regret, the resignation of Mrs. Norback, Guidance Secretary at the High School.
3. grant Frank Morrill a half year sabbatical for studies in U.S. History during the 88–89 school year.
4. grant a one year leave of absence to Donald Stockwell, custodian.
5. appoint Mary Griffin and Nancy Tabor to Grade 2 positions for September.
6. appoint Barbara Carpenter to English Summer School.
7. appoint Marie Simoneau as a Special Needs Teacher Aide at the Middle School.
8. appoint Patti Hanson as Special Needs Aide at Elmwood Street.
9. appoint Bettina Weekly as Pre-School Aide.
10. appoint Gail Banks as Aide in the Summer Nursery Program.
11. approve the extension of team leader (Grade 4–5) Richard Lukey's duties, to include evaluation of teachers, with an additional stipend of $450.
12. approve a freezer bid to be awarded to Westerman Refrigeration for $9,884 (lowest of 2 bids received).

## What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. William's denims and Jillian's legumes?
   ____ and ____
2. A marketing conference and mens' places to sit?
   A ____ and ____
3. Suspended clotheslines and steer-wrestling dummies?
   ____ and ____
4. A staggering violinist and a fondling conundrum presenter?
   A ____ and a ____

10-23

ANSWERS: 1. Bill's jeans and Jill's beans. 2. A sales meeting and males' seating. 3. Dangling ropes and wrangling dopes. 4. A reeling fiddler and a feeling fiddler.

# *Millbury Women's Club Basketball Results*

By Ron Stead

On July 5th, the Millbury Women's Club Basketball Team participated in the annual Lions Club Parade. The Women's Club float consisted of a truck with a basketball goal attached to the rear. The girls were able to march and practice their shooting at the same time. The truck was donated by Bob and Betty Stockwell and was driven by Joe Krumsiek. Paul Hedlund was responsible for decorating the float. Team members participating in the parade were Tammy Hoel, Beth Krumsiek, Wendy Stead, Gina Carenzo, Kathy Ayotte, Jodi Bush and Katie Hedlund.

During the parade, certain spectators were invited to give basketball shooting demonstrations using the Women's Club float. Mrs. Ginny Picking and Mrs. Sue Picard showed good form while missing two shots apiece. Paul Kollios, however, took a fifteen footer at the Reviewing Stand and got nothing but net.

On July 6th, Millbury played McGovern Floor Care. Millbury led by nine at the half. McGovern came back strong in the second half and at the end of regulation the score was tied at twenty. There was no score during the first overtime period but, during the second overtime period, Kathy Ayotte hit two free throws to give Millbury a 22 to 20 victory.

The key to this win was defense. Tammy Hoel, Wendy Stead and Gina Carenzo combined to hold McGovern's top scorer to just two points. Jodi Bush and Ellen Ward led the scoring with eight points apiece. Marie LaBreck, Gina Carenzo and Kathy Ayotte had two points. Jodi Bush, Tracy Williams, and Katie Hedlund had numerous rebounds for Millbury.

On July 8th, Millbury played C&R Tire. Millbury scored eleven unanswered points in the fourth period to win by a score of 39 to 19. Millbury was outstanding on offense in this game. Jodi Bush led the scoring with 15 points. Marie LaBreck chipped in with eight points while Ellen Ward, Wendy Stead, and Kathy Ayotte added four points apiece. Getting two points for Millbury were Tammy Hoel and Beth Krumsiek.

Gina Carenzo and Katie Hedlund played a strong defensive game for Millbury. Millbury held C&R Tire scoreless in the fourth period.

On July 9th, Millbury's five game winning streak came to an end at the hands of Worcester Discount Liquors. The final score was 36 to 29 in favor of Worcester. Jodi Bush led the scoring for Millbury with eleven points. Wendy Stead followed with eight, Ellen Ward scored six, and Kathy Ayotte had four.

Beth Krumsiek and Gina Carenzo were strong on defense for Millbury while Jodi Bush and Katie Hedlund were the leading rebounders. The Millbury girls continue to work hard to gain a spot in the playoffs that begin July 27th. The Millbury Women's Club record stands at six wins and three losses with three games remaining.

# On The Shelf

*By Rosemary Wallos*

For the nonfiction readers in Town, we have prepared a select list of new nonfiction. You'll find these books on our new books shelf. To make it easy to find the titles you're interest in, we have included the call number for each book.

Don't forget to take one, two, or more on your next vacation, or your next Sunday outing. If you're the one stuck driving, don't forget to take along some of our books on book cassette tapes.

PAINTED IN BLOOD: UNDERSTANDING EUROPEANS by Stuart Miller. Since Alexis de Tocqueville, Europeans have had much to say about America and the American culture. Stuart Miller's PAINTED IN BLOOD displays the same kind of insight as he looks at the collective European mind and character, and demystifies Europe to Americans. This is of special interest to those with European roots as well as people planning to travel to Europe. (940.55 MIL)

UNCOMMON FRIENDS: Life with Thomas Edison, Henry Ford, Harvey Firestone, Alexis Carrel, and Charles Lindbergh, by James D. Newton. Much is known about the public lives of these great men, but little is known about their personal lives. James Newton recounts a lifetime of friendship with these extraordinary and brilliant men. (920 NEW)

STORMING THE MAGIC KINGDOM: WALL STREET, THE RAIDERS, AND THE BATTLE FOR DISNEY by John Taylor. This is a story of a classic corporate take-over battle that involved the notorious corporate raider Saul Steinberg against one of the bastions of American values, Walt Disney Productions. (384 TAY)

BIG BLUE: IBM'S USE AND ABUSE OF POWER by Richard Thomas DeLamarter. DeLamarter reveals the story behind IBM. He shows how IBM has managed to use its power to remain one of the world's most profitable companies in the information age. (338.7 DEL)

THE SECRET MUSEUM: PORNOGRAPHY IN MODERN CULTURE by Walter Kendrick. This is a controversial history of the modern concept of pornography. Kendrick shows how pornography evolved out of the growth of literacy, the breakdown of classes, and the availability of popular literature. (363.4 KEN)

BREAKING THE RING: THE BIZARRE CASE OF THE WALKER FAMILY SPY RING by John Barron. John Walker started to give the Soviets vital American defense information in 1968. In BREAKING THE RING, Barron tells the story of how Walker and his family compromised the U.S. until they were caught in 1984. (327.1 BAR)

THE JESUITS: THE SOCIETY OF JESUS AND THE BETRAYAL OF THE ROMAN CATHOLIC CHURCH by Malachi Martin. The Society of Jesus has always been a powerful force in the Church and worldwide. It has also been surrounded by a cloak of secrecy. In THE JESUITS, Martin exposes the behind-the-scenes story of the Jesuits and how the "new" worldwide Society has emerged. (271.53 MAR)

NOT ANOTHER DIET BOOK: A RIGHT BRAIN PROGRAM FOR SUCCESSFUL WEIGHT MANAGEMENT by Bobbe Sommer. Dr. Sommer outlines a six week program for replacing the subconscious message of "food = comfort = love with new and healthy images and associations. This weight management program is based on the latest right-brain research and is the result of the author's extensive research and testing.

ROGER MARIS: A MAN FOR ALL SEASONS by Maury Allen. This is the story of Maris' rise to stardom. Allen recounts Maris' early years in Fargo, North Dakota, through his baseball career to his retirement years. The "asterisk" ruling and the debate over Maris as a Hall of Famer are brought out in this revealing biography. (B MARIS)

HOSTAGE BOUND, HOSTAGE FREE by Ben Weir. In May, 1984, Reverend Benjamin M. Weir was seized by Shiite Muslim extremists. This book is the story of his sixteen month captivity and Carol Weir's efforts in obtaining his release. (956.92 WEI)

A STILLNESS HEARD ROUND THE WORLD: THE END OF THE GREAT WAR, NOVEMBER 1918 by Stanley Weintraub. Weintraub brings together all the elements that brought the final end to the "War to end all wars". From the front lines to cabinet rooms we meet young literary, military, and political leaders, many of whom were instrumental in shaping the world that would bring about another world war. (940.4 WEI)

FOXFIRE 9 ed. by Eliot Wigginton. This is the newest volume in the popular FOXFIRE series which began in 1977. Like earlier volumes, this one highlights the traditions and experience of life in the southern Appalachian mountains. (975.8 WIG)

COMING UP AT THE LIBRARY

JUNE 21 at 6:00 p.m. - The movie PHANTOM TOLLBOOTH. A story about young Milo who is always bored. He is confronted by a magical tollbooth which marks the entrance to an animated fantasy land and the elusive kingdom of wisdom. For the early-to-bed crowd. Wear your pajamas - popcorn is free.

# Assumption School News

*By Grace Laflash*

The closing exercises for Rita Comeau's eighth grade were held at Assumption Church. Following the Eucharistic Celebration, scholarships, given by the Assumption Parish Scholarship Committee, were awarded to deserving students who will continue their education in Catholic high schools. The presentations were made by Monsignor Mederic J. Roberts, Pastor, to the following: Craig Boucher, $200; Michelle Chausse, $200; Robert Belsito, $200; Kristin Packard, $300: Rebecca Jalbert, $300; Lisa Parella, $400; Christine Croteau, $400; Stephen Roncone, $500.

The Jean Dell'Aquila Memorial Scholarship of $100, given by Mr. and Mrs. George D'Auteuil, was awarded to Christine Croteau; the Sister Antoinette Demers Scholarship of $100, given the Paul Turgeon family, was awarded to Lisa Parella.

Three scholarships of $100 each, from the Assumption Church Men's Club, were given to Robert Belsito, Rebecca Jalbert, and the William T. Walsh Scholarship was awarded to Stephen Roncone.

The following students are members of the Assumption School Class of 1987: Robert Belsito, Craig Boucher, Michelle Chausse, Brian Coco, Christine Croteau, Katie Dennis, Christian Desrosiers, Marc J. Durocher, Jr., Antonio Endriga, Raymond Grenon, Alfred Hargrave, Steven Hickey, Rebecca Jalbert, Joel Karsok, Allison Leger, Christine O'Rourke, Kristin Packard, Lisa Parella, Michelle Rajotte, Stephen Roncone, Cynthia Rushton, Meredith Soderberg, and Patricia Welch.

Golden Agers Update

*By Lillian C. Sheehan*

## ST. BRIGID'S WOMEN'S CLUB

Members of the club are reminded to send their favorite recipes to Peggy Spang. In fact, all the women of the parish are invited to send in a recipe or two. These will go into a book that we hope to have out for Christmas!

## CENTERVIEW APARTMENTS

At Centerview, Helme Salois has announced a trip planned for July 22 to Rockport, Mass. Everyone will lunch at the Peg Leg Restaurant. Meal choices are chicken pie or filet of sole. The remainder of the day may be spent sightseeing, visiting the many shops, or lolling on the beach. The bus will be leaving at 9:30 a.m.

There will be no Bingo during the month of July. However, weather permitting, we will resume in August. Also we will be looking forward to some whist parties in the future.

Welcome to a new tenant, Helma Dickie, and a belated Happy Birthday! Helma turned 90 years young in June. Also, a very Happy Birthday to Arthur Dunn and Barbara Welcome who are both celebrating birthdays this month.

## LINDEN APARTMENTS

At Linden, Maurice Landry, Elizabeth Devoe, and Louise Maccini are celebrating birthday. Best Wishes to all of you!!

Folks at Linden are looking forward to a trip to the Christmas Inn in Holden on July 23. Menu choices will be scrod or turkey. Call Edith Army for reservations.

## COLONIAL APARTMENTS

Happy Birthday to Rose DeSantis and Jean Peterson. Best Wishes to you both.

## WIT AND WISDOM

A lot of young couples want to start out where their parents are now. This keeps their parents where they are now.

Some people are like blisters. They don't show up until you've finished the job.

The best place to find a helping hand is at the end of your arm.

Home is the place where you can trust the Hash!

# The Phantom Tollbooth To Be Shown At Millbury Public Library

MILLBURY. On July 21 at 6:00 p.m., the Millbury Public Library will be featuring its third film in its Family Film Fest series. The featured presentation will be the Phantom Tollbooth. This is the story of young Milo, who is always bored. He is confronted by a magical tollbooth which marks the entrance to an animated fantasy land and the elusive Kingdom of Wisdom.

Don't forget to come early to get a good seat, and, if your one of the early to bed crowd, feel free to wear your pajamas.

Popcorn is on the house!

# Library Announces Children's Program

MILLBURY. On July 22 at 10:30 a.m., the Millbury Public Library invites children from pre-school to first grade to the library's children's room to "Button, Button", a program that lets kids design their own campaign style buttons.

This program will be repeated at 1:30 p.m. for children in grades two and up.

# V.F.W. Post To Hold Chicken Barbecue

MILLBURY. A chicken barbecue will be held at the outside pavilion of the Charles F. Minney Post, 16 South Main Street, on Sunday, July 19, from 1-5 p.m.

The menu will consist of the following: Chicken, Fries, Salad, and Watermelon. In addition, there will be hamburgers and hot dogs for sale. The cost for the chicken dinner will be $4.00 per person. Music will be provided by Paul Lamoureaux and the Music Men.

Tickets can be purchased from Chairman, Frank Rano, or at the bar.

# Visiting Youth Choir To Perform at West Millbury Union Chapel

The Youth Choir from The Huffman Baptist Church, Birmingham, Alabama will present a concert on July 21, at 7:00 p.m. at the West Millbury Union Chapel.

This group, under the direction of Terry Slay, Minister of Youth, is on tour to Worcester. They will be hosted by the West Millbury Baptist Church and The Heritage Baptist Church. They will be engaged in Backyard Bible Clubs and concerts in churches throughout the area.

Vacation Bible School will be held at the West Millbury Baptist Church from 2-4 on Sunday, July 19, and from 9:00 to 11:30, Mon-Wed., July 20-22.

Similar groups from the Huffman Baptist Music Ministry have sung in 26 states and 8 foreign countries.

The choir will be singing, en route, in churches in North Carolina, Virginia and New Jersey. The repertoire for these concerts encompasses both contemporary gospel songs, traditional spirituals, and anthem literature. These varied selections will be presented by both choir and vocal ensembles drawn from the larger group.

These young people are part of a larger choir that sings regularly for the worship service of The Huffman Baptist Church. They come with the hope that their efforts be a blessing and an inspiration.

# Annual Flea Market

MILLBURY. The Women's Fellowship of the First Congregational Church on West Main Street is sponsoring its annual Flea Market on September 19th, from 10 a.m. to 2 p.m.

Anyone interested in reserving table space in the vestry should contact Jeri Stead at 865-5371 as soon as possible. The $10 inside area consists of a large supper table plus a card table. This year there will once again be outdoor reservations for those who are willing to chance the weather. These will be $5 per space and those taking outdoor reservations will have to provide their own tables.

All reservations should be made early.

# Museum Rooms Open To Public

The Millbury Historical Society's museum rooms in the Waters Mansion will be open to the public on August 1, 1987, from 10-12.

# Indian Fair To Be Held In Grafton

GRAFTON. The Annual Native American Indian Fair will be held at the Hassanamisco Reservation, 80 Brigham Hill Road, Grafton, on Sunday, July 26. The ceremonial show will begin at 2:00 p.m. Price of entry is $1.50 for adults and .50 for children.

## Millbury COA News

By Judith O'Connor

WOW! We won first prize for our float. I would like to thank Peter and Helen Manavich, Ginny & Herb Ribb, and, most of all, my husband Charlie, who put the float together. Thanks also to the sing-a-long group for a job well done. They not only looked good, but they sang terrific. A special thanks to all those who baked and helped at our booth, and to the craft class members who made our beautiful quilt.

Prize Winners are: Quilt, Sandy DeTullio, Shrewsbury; Afghan, Ed River, North Grafton; Pitcher & Bowl, Dot Liberty, Millbury; Knives, Aiko Army, Millbury; Pillow, Heidi Belleveau, Millbury.

And to all who stopped by our booth, we thank you for your support.

CMHP – If you have any questions or complaints regarding this plan, you are asked to call Amy Vogel, Legislative Affairs, 425 Pleasant Street, Worcester, 791-7286.

VOLUNTEERS NEEDED: Home delivered meals drivers are needed. Routes take approximately one hour and drivers are given $2.00 per day and 23 cents per mile car allowance. Volunteers are important to maintain programs. Please help, our elderly need you. Call the C.O.A. office.

## Blood Pressure Clinics

MILLBURY. The District Nursing Society has planned Blood Pressure Clinics for the month of August as follows: Tuesday, August 4, from 8:30 to 11:00 a.m. at the Asa Waters Mansion, 123 Elm Street, Millbury; Wednesday, August 19th, from 1:00 to 2:00 p.m. at the Linden Apartments, Pearl Street, Millbury; Thursday, August 20, from 1:00 to 2:00 p.m. at the Centerview Apartments (residents only); Thursday, August 27, from 1:00 to 2:00 p.m., Colonial Apartments, Colonial Drive, Millbury.

All clinics are free and open to the public, except as noted.

## Film Night For Expectant Couples

WORCESTER. The Childbirth Education Association of Central Ma., Inc. will sponsor a Film Night on Thursday, July 23, at 7:00 p.m. in the Basement Conference Room of St. Vincent Hospital, 25 Winthrop Street, Worcester.

Film Night enables expectant couples to observe actual birth experiences with an instructor available to answer questions following each film. Both vaginal and Cesarean birth films are shown.

Film Night is free of charge, open to the public, and no registration is necessary. For more information, call C.E.A. at 791-7229.

The Childbirth Education Association of Central Ma., Inc. is a non-profit organization dedicated to serving the community in all aspects of family-centered maternity and pediatric care.

## Sutton Historical Society and Blacksmith Shop Welcomes Visitors

SUTTON. The Sutton Historical Society Museum, and the Blacksmith Shop, will be open on Saturdays from 10:00 a.m. to 3:00 p.m., throughout the summer.

Visitors are welcome, old and young, to stop by and learn about the rich history of Sutton.

## Sutton Senior News

MENU: TUESDAY, JULY 21, Picnic at the 200 Sportsman's Club in Webster; WEDNESDAY, JULY 22, Roast Turkey; FRIDAY, JULY 24, Baked Fish. Reservations must be made 24 hours in advance, and their is a suggested donation of $1.00.

TRIP TO WHITES: We leave Orchard Apartments at 7:30 a.m. to go to Fall River, and then on to White's Restaurant for lunch and entertainment. We will leave White's at about 4:00 p.m., and arrive home about 5:30.

PICNIC: On July 21, Tri-Valley will hold a picnic at the 200 Sportsman's Club in Webster. You must have reservations for this also.

BUTTER AND CHEESE: We will distribute butter, cheese, and dry milk on July 23 at the Dudley-Gendron Post on Boston Road, from 9-12. The usual requirements apply: AFDC, WIK, Disability, Fuel Assistance, Food Stamps, low income.

CHORE PERSON PROGRAM: Our program has been extended until September, so, if you have any chores that need to be done and cannot do them yourselves, call 865-1602. You must be an elderly person. If you know of someone who needs help but won't ask, call Outreach at 865-1602 and we will contact that person and see what we can do to help them in any way. We will go to their houses and see what help they need, and try and get it for them. This not only applies to someone needing chores done, but for any help that we can get for them.

TESTING from Page 1

fertilizers. ERT then sought to determine what type of vegetation was native to the town. A question arose on whether to do a composite sample of a specific species or to choose one or two species and monitor them. "The trade offs are, if we take composite samples, there is less danger of overlooking samples that have a sensitivity (to metals and dioxins). If we select one species and monitor it over time, then we should be able to see a change in the environment. However, the danger is that the species that we select is less sensitive and non-accumulative than others," Whittemore said. ERT researched species native to the area and discovered that no literature was definitive on the subject. Their evidence revealed that there was some root uptake. "But since metals and dioxins are not water soluble," Whittemore explained, "our conclusion is that dioxin in plants would be from particulates and not in roots."

Two species were selected: the white pine and the meadow fern. According to Whittemore, the needles and sticky residue on the white pine is ideal to scavenge particulates out of the air. "Clumps of needles create currents and remove particulates," he said. An added advantage is that evergreens retain their foliage all year and ensure year round exposure. The collectors will take samples of the outer twigs and foliage.

The meadow fern was selected because it grows outside of the forest canopy and enjoys full exposure to particulate deposit which its broad foliage can collect. The roots and foliage of the fern will be sampled in order to provide a measure of both root uptake and surface entrapment of pollutants.

To collect these samples, the sampler will wear rubber gloves which will be changed between sampling sites. Clippers and other sampling apparatus will be decontaminated between sites. The samples will be placed in wide mouthed one-liter glass jars and labeled. One sample of each species will be labeled PCDD/PCDF (Polychlorinated Dibenzodioxins/Polychlorinated Dibenzofurans) and the other, trace metal sample. They will be sealed, labeled, and placed in coolers.

Air sampling, which began on Thursday, requires more sophisticated equipment. Three collection devices will be used: a General Metal Works Model GMWS-2310 Accu-Vol high volume sampler (Hi-Vol) will measure the levels of trace metals in the air, a General Metal Works Polyurethane Foam (PUF) sampler (Model PS-1) will collect PCDD/PCDF samples, and a Dupont Alpha-1 personal sampler fitted with Hopcalite cartridges will be used samples for traces of mercury. The Hi-Vol sampler contains a filter paper cartridge that will collect air samples. This filter will be collected and delivered to ERT for metal analysis. Dioxins and Furans will be collected using the PS-1 equipped with PUF filters. This collecting device employs both a glass filter and an absorbent trap to collect semi-volatile organic compounds associated with particulates as well as in the vapor state. Whittemore compared the collector to a vacuum cleaner motor which draws air in through filters at a specific rate. According to Whittemore, the particulates are filtered through a glass fiber filter which traps the particulates then the air passes through a polyurethane foam filter(PUF). "The trouble with the foam filter is that they (the filters) may contain unacceptable levels of background contamination that might interfere with the trace level analysis of PCDD/PCDF." To avoid this, the filters are pre-cleaned in an elaborate process by baking them in a muffle furnace for two to three hours or rinsing them with methylene chloride and performing other functions on them. Four cartridges will cleaned in this manner. These cartridges are then place in the PS-1 and collect air samples over a twenty-four hour period.

To collect samples for mercury levels, a Dupont Alpha-1 sampling pump fitted with Hopcalite cartridges is used. Hopcalite are tiny porous beads which absorb mercury vapors. These cartridges will be handled only with clean cotton gloves, and the collected tubes wrapped in bubble paper and packed in coolers with dry ice.

Whittemore explained that the many variables involved in collecting air samples create certain problems. Temperature, wind speed, and direction are important to the testing, but these variables are uncontrollable and ERT must rely on the observation station at the Worcester Airport to determine when the conditions are right. According to Whittemore, a hot day with low air speeds is the best of conditions. ERT technicians set up their equipment on Thursday afternoon and automatically began collecting from late Thursday afternoon to Friday afternoon. "We want to get a baseline idea of what the air is like rather than a specific reading," he said.

The last of the substances to be tested is milk. According to Whittemore, the ERT professionals feel milk will be the best indication of what is on the surface because cows can bio- accumulate. "Cows spend their days walking around large areas eating vegetation and ingesting soil that is covered by particulates. These particulates don't rinse through the animals but reside in their fatty tissue. Cows' milk will contain a concentration in proportion to the amount the animal has accumulated in its limpid tissue," he said. Milk samples will be gathered in traditional ways and sent to the laboratory for testing.

The ERT "Sampling and Analytical Plan..." contains large sections dealing with quality assurance and a chain of custody procedures that will be used by the collectors to insure that the samples will not be compromised nor contaminated.

According to Whittemore, it is hoped that all of the testing will be completed by July 17 with the final report not expected to be submitted to the Millbury Resource Recovery Advisory Committee until early October.

## Sutton Youth Baseball To Sponsor Dance

SUTTON. Sutton Youth Baseball will sponsor a Fund Raising Dance at the Dudley Gendron Post, Boston Road, on Saturday, August 22, from 7 p.m. to midnight. The D.J. will be Dave Zimmage.

Tickets are $5.00 per person and may be obtained by calling Karen Maynard at 865-3455.

## VFW Active In Civic Service

Bob Weidman, Commander of the Charles F. Minney VFW Post, presented a wheelchair to "Nick" Pingeton of 232 Millbury Avenue on Saturday, July 11. The post members refurbished the chair and loan it to various residents as a community service.

Four generations of the Green family met on Saturday, July 11 for a family reunion. Over 150 family members, most from Millbury and Sutton but others from Arkansas, Florida, Connecticut, California, Cape Cod, and New York joined in a day of festivities and fun. This was the first time in 25 years that the family had gathered together in such large numbers.

The Green family, five daughters and three sons, were born and brought up in Millbury. The eight children remained in the Millbury/Sutton area.

Members of the first generation in attendance were: George Green, Eva Whipple, Mary Conley, Joseph Green, Dominick Lachapelle, Selwyn Clark, Isabelle Green, and Alice Green.

...with
HELP Loans from MCU!

With the high cost of college, a HELP Loan from the Millbury Credit Union can *really* help with your educational expenses.

If you're a student making satisfactory progress at an approved educational institution, or have just been accepted to an approved educational institution...and you meet certain family income standards...you may be eligible for a HELP Loan from MCU.

You should apply for HELP after you've completed your school's financial aid form...which will assist in determining your eligibility.

Also, MCU offers PLUS Loans to parents of undergraduate students, regardless of family income.

For HELP with *your* educational expenses, see Doreen Thornburg...at the Millbury Credit Union.
